

# How To Place A Bet

- 1 Your compere will tell you how much the tote tickets are being sold for.
- 2 Place your bet (via the tote betting table) on the horse number you fancy in each race.
- 3 When betting is closed on each race, a CD is selected by a punter and then a fun guide commentary will tell you if you have spent your flutter wisely.
- 4 There off! Shout your selection on.
- 5 At the end of the each race the compere will announce how much each winning ticket is worth.

The allocated owners prize will then be given to the winning owner in the race.

# HOW TO ORGANISE AN EVENT

- 1 SPONSORS** Obtain Sponsors (local businesses or individuals) for each race we suggest no less than £20.00 per race. (Avoid sponsors giving gifts)
- 2 OWNERS** Before the night, sell all the owners on the race card, we suggest £2.00 each. When selling the owners; take full names or nicknames. (If the full name is not supplied, the owners name will not be read out.)
- 3 JOCKEYS** Sell all the Jockeys before the night. Again we suggest £2.00 each. (if applicable) (If you are also selling the jockeys you will require an additional prize. Also contact us for the correct Horse / Jockey Race card.)
- 4 PHOTOCOPY** Photocopy or re-type the race card (both sides - to include Carousals details) and sell them as a program.
- 5 FAX US** Fax, post or e-mail us a copy of your race card. E-mails MUST be sent as an attachment using a text editor such as Notepad or in word 97 format, using the following layout: "horse name" tab "Owner" carriage return.
- 6 OTHER IDEAS** Add to the fun with a quiz, karaoke, or supper.
- 7 TOTE BETTING** We no longer allow tote tickets to sell for less than **£1.00**. Anything less than £1.00, just doubles your work load and wastes tote tickets.
- 8 JACKPOT 5** A big cash prize at the end of race seven to the winner.
- 9 LUCKY DIP** A payout on every race it is used.
- 10 AUCTION** Normally a cash prize is paid to the winning trainer of the Auction. However you may like to give a gift prize. A good gift prize is more of an incentive for punters to join in the bidding. (For example, a television, CD Player, VCR, etc.)
- 11 PIG RACE** We may hold a pig race at the end, if we do, this will be the auction race.
- 12 LEGAL** If applying for an Occasional Licence or bar extension, it is important to contact our office for the wording to support your application.
- 13 SELLERS** **You will require a minimum of two ticket sellers** and plenty of change in your float. 50p's and £ coins
- 14 TREASURER** While the audience cheers on their horse, your treasurer works out the winning payouts - Under our instructions.

PLEASE NOTE OUR COMPARES ARE BOOKED TO ARRIVE AT  
7:30PM FOR A 8:15PM START.

BE SURE TO READ THE ABOVE - AS IT CONSTITUTES  
TOWARDS OUR TEMS & CONDIDTIONS.

Whatever you have done in the past with your Race Night Event don't be afraid to let us do all the extra bets and activities that would help make your night a more fun event and raise funds at the same time.

If you know plenty of people, or work in a large organisation you may like to organise a Tricast. A Tricast will payout £168 to the winner and provide £168 profit, from 336 £1 bets.

## **IMPORTANT NOTE**

Make sure you sell the Horse owners and Sponsorships **Before The Night**. Selling them on the night is not a good exercise as it takes money out of the punters pockets that they would otherwise spent on the night.

If you fail to return a readable copy of your race card with full owners names, then we will not use the PowerPoint system and music will not be provided during the tote. The is a free extension to our service.
